## President Talks Politics

Wants Open GOP Convention; Won't Discuss Candidates For Vice President

### BULLETIN

SAN FRANCISCO (AP)—President Eisenhower today clinched renomination for Vice President Nixon with a dramatic announcement that Harold E. Stassen had abandoned his drive to "dump" Nixon from the Republican ticket.

Eisenhower said Stassen personally had told him he now is convinced "the great mass of the delegates" at the national convention want Nixon as the vice presidential nominee.

SAN FRANCISCO (AP)—President Eisenhower today clinched renomination for Vice President Nixon with a dramatic announcement that Harold E. Stassen had abandoned his drive to "dump" Nixon from the Republican ticket.

Eisenhower said Stassen personally had told him he now is convinced "the great mass of the delegates" at the national convention want Nixon as the vice presidential nominee.

1. Eisenhower "hopes it will be an open convention."

2. Vice President Richard M. Nixon is still "perfectly acceptable" as a running mate.

3. Eisenhower "will not discuss any other nominees for the vice presidency."

Nixon himself had flown away to Whittier, Calif., where his 77-year-old father, Frank Nixon, was reported to be critically ill.

What change this might make in convention plans was for the moment an unanswered question.

The delegates to this 100th anniversary GOP gathering were all set to renominate Nixon, and Hall said that for the moment, anyway, the convention would go ahead as planned.

He said he couldn't say, however, whether the elder Nixon's illness would interfere with plans for the vice president to make an acceptance speech of his renomination tomorrow night when the convention is to wind up.

Eisenhower talked with Nixon by telephone.

Hall was asked whether Eisenhower was "fighting mad" over charges against his administration made during the recent Democratic convention at Chicago. The President had been pictured in published reports as angry over what he had seen of the Democratic gathering on television.

"I have never seen the President when he was fighting mad," Hall said, "and he certainly didn't appear that way this morning."

Hall had breakfast with Eisenhower. Through the morning, the President was receiving a string of other Republican leaders.

A convention showdown on Harold E. Stassen's campaign to ditch Nixon remained a possibility.

The mood of the delegates was such that only an outright expression of preference for someone else would induce them to side-track Nixon. And there was absolutely nothing to indicate Eisenhower would do that.

Eisenhower himself is certain to be renominated unanimously at the convention session late today.

Immediately after that, the delegates will choose the vice presidential nominee.

Eisenhower had no known plans to visit convention hall until his acceptance address tomorrow night.

But his influence was all-encompassing.

Stassen, on leave as the President's assistant on disarmament, asked permission to address the party convention today after it renominates Eisenhower and before the roll of states is called on the vice presidential nomination.

There was considerable doubt he would get it.

Stassen is not a delegate and under the rules could not address the convention except by unanimous consent.

### Poor Guess Debunked

There was speculation about whether the cool weather would cut down the Fair attendance, but Monday and Tuesday were record-breaking days for crowds.

Generally fair and warmer to night and Thursday; low to night near 60; high Thursday in upper 80s.

The temperature at 7 a.m. was 50, 84 at 1 p.m. and 86 at 2 p.m. Low Tuesday night 52.

The temperature one year ago today, high 92, low 70; two years ago, high 93, low 73; and three years ago, high 90, low 61.

Stage at Lake of the Ozarks 54.6, down 1.

**VICTIM OF RABID DOG FOUND** — King Lear, 6-year-old Dallas boy, who was bitten by a rabid dog last week, is administered a rabies shot by Mrs. Rachael Ray, left, county nurse at Dallas, Tex., as his mother Mrs. Claude Lear comforts the lad. Young Lear was bitten by the dog when he and his mother stopped at a filling station at Rockwell, about 25 miles from Dallas. Later the dog was found to be rabid. Newspapers, wire services and radio stations joined in state-wide broadcast to locate the boy. Mrs. Lear heard a radio broadcast that her son was being sought for treatment and brought King to the county medical department.

### Registration for New Students, First Grade To Be Next Week

Registration for all public school first graders who haven't previously registered and transfer students will be held Tuesday and Wednesday of next week.

According to the announcement received from the school board, all first graders must present birth certificates and have reached six years of age by Jan. 14, 1957. Any student who has moved into the district since the close of school this spring or has moved from one school area to another must also register.

### State GOP Has Scheduled Formal Poll

SAN FRANCISCO (AP)—Missouri Republicans scheduled a formal poll today to put individual delegates on record for President Eisenhower in advance of the renomination roll call at the national convention.

There has been no sign of any anti-Eisenhower feeling in the delegation. Some antagonism toward Vice President Nixon was reported still simmering beneath the surface.

E. W. Bromwich, delegation chairman and a supporter of Harold Stassen's "dump Nixon" campaign, was careful not to show any favoritism in talking to a reporter at yesterday's convention session.

Seated behind Bromwich was the vice chairman, Richard A. Erickson, a Nixon man. Before announcing today's caucus, Bromwich beckoned Erickson to lean forward so he could share in the conversation. Both said they thought a formal poll should be taken before voting starts at the Cow Palace.

Erickson added a news note from home.

He said he had received word that the Jackson County Republican Committee, meeting at Independence yesterday, re-elected him Jackson County chairman without opposition.

Erickson said the committee expressed 100 per cent support for renomination of Vice President Nixon.

A Missourian who worked on the new Republican platform predicted it would help the campaigns of Missouri GOP candidates.

Everett Hullverson of St. Louis said the labor, farm and civil rights planks all should aid the state candidates in their general election campaigns.

He called the labor plank "a very good one" and said Labor Secretary Mitchell "impressed us all very much as wanting to do a good job for labor."

Hullverson said he thought the plank on agriculture would be satisfactory to Missouri farmers.

State chairman P. Compton plans to open the drive to woo farm votes at a meeting in Jefferson City next week.

The big effort, he said, was to solve the problem of producing surpluses and still keep farm prices right.

There's a tough problem for anyone," he said.

Although hoping for a stronger civil rights plank than the one finally approved, Hullverson said he thought the platform statement on the issue would be useful campaign material in some parts of the state.

### Canvasses Vote

JEFFERSON CITY (AP)—Secretary of State Walter H. Toberman's staff started the official canvass of the Aug. 7 primary election voting today.

Tabulators expected to finish the big job tomorrow.

## Attacks Tax Cut Promise

Stevenson Describes GOP Plank As So Much Election Talk; Plans His Campaign

LIBERTYVILLE, Ill. (AP)—Adlai Stevenson today labeled a Republican promise of tax cuts as just "so much election talk."

The Democratic presidential nominee, completing plans for a flying tour of the country next week to lay the groundwork for a strenuous campaign, said the tax cut promise was a "contradiction" of President Eisenhower's own position that he is "against tax cuts," and favors applying any surplus revenue toward "retirement of the public debt."

"I am perplexed that the Republican National Convention should make this promise, when President Eisenhower has said repeatedly he is against a tax cut," Stevenson said.

In a separate statement, Stevenson, meeting reporters in the recreation room of his farm home near here, criticized Republican Platform Committee Chairman Prescott Bush's emphasis on a balanced budget.

"The Republican convention applauded loudest when Sen. Bush said 'We have balanced the budget.'"

"This was certainly an accurate reflection of what interests the Republican leaders most — not the education of our children, not a fair break for farmers, not the growing menace of communism in the world, not America's waning influence — but 'a balanced budget.'"

Sen. Bush did not say that they succeeded in balancing the budget this year only by postponing necessary defense expenditures until after next year — after the election.

"Nor did he say that under Truman the national debt was reduced by 12 billion, while under Eisenhower it has been increased by 13 billions in four years."

### School Board Awards Contract, Approves Fees

The Board of Education awarded a painting contract to William T. Wright and accepted the low bid on several items of supplies for the schools at their regular meeting Tuesday night.

Wright was the low bidder on painting the ceiling of the gymnasium and the balconies at Hubbard School. Callies Furniture Co. was low bidder on window shades and the Hausam Co. was low on light bulbs.

Mrs. Betty Sue Griffith was given a contract as elementary teacher at Washington School to fill the vacancy of Mrs. Edna Wither who will be a remedial instructor at Washington.

In other action by the board the fee schedule for the year 1956-57 was approved. The fees will be: manual training, \$1; mechanical drawing, \$3; vocal music, \$1; band, \$1; orchestra, \$1; instrumental rent, 75 cents per month; American problems, \$1; typing, 50 cents; bookkeeping, 25 cents; general business, 35 cents; secretarial training, \$2; driver training, \$1; speech, \$1; and art \$1.

The board also paid \$7,764.89 in routine bills.

### Pettis GOP Committee Meeting Held

Organizational Meet Elects W. D. Smith As County Chairman

The organizational meeting of the Pettis Republican Central Committee was held Tuesday afternoon with W. D. Smith being elected as committee chairman.

A highlight of the meeting was a talk by Miss Hazel Palmer, Sedalia, National Federation president of the Business and Professional Women's Clubs. Miss Palmer spoke on her stand on the Equal Rights for Women plank before the Platform Committees for both the Democratic and Republican National Conventions.

Other committee heads elected Tuesday were: Mrs. Ruth Monsees, Smithton, vice-chairman; Mrs. Fred Rose, secretary; and Earl Crawford, treasurer.

Several new committeemen and committeewomen were elected to decide election ties in several of the precincts: Mrs. James Harvey, committeewoman, Fourth Ward, Third Precinct; Forrest Benner, committeeman, Fourth Ward, Fourth Precinct; Mrs. Emil Viereck, committeewoman, Flat Creek, No. 1; Mrs. Roy Null, committeewoman, Green Ridge No. 2; G. W. Meyer, committeeman, Lake Creek; and Kenneth Schlib, committeeman, Fourth Ward, Second Precinct. There are still five vacancies on the committee to be filled.

The meeting was described as well attended and very harmonious and had as its theme, "Continued peace and prosperity for more people than in the history of America."

### Republic Steel Head Retires at Age 79

CLEVELAND (AP)—An Indiana farm boy who grew up to be one of the most colorful figures in American industry has retired as chairman and director of the Republic Steel Corp.

Tom M. Girdler, 79, stepped aside yesterday. He had served as chairman since Republic was organized in 1930.

C. M. White was elected chairman of Republic, the nation's third largest steel company. White, who has been president, has been the chief executive officer of the firm since June 21, 1955.

### Pettis County 4-H Wins

## Winners Named in 4-H and Future Farmer Cattle, Mule and Sheep Exhibits at Fair

"Star," a mare mule owned by Claude "Brothers" Adams, Lamar, Mo., was named Grand Champion of the 1956 Missouri State Fair Mule Show Tuesday. Adams is famous for breeding the best mules in the past number of years, and his mules had the distinction of taking part in the inauguration parade of former President Harry S. Truman.

Adams explained "Star," besides winning top awards in mule shows, does plenty of hard work on the farm near Lamar junction of Highways 160 and 71.

The Champion Horse Mule went to Chipman, Kohl and Bruner of Perry, Mo., champion pair of mules was won by Ferris Brick Co., Ferris, Tex.

Pettis County 4-H clubs won the Frozen Food Locker Association trophy for the meat animals award. The large trophy was won for the first time in 1955 by the Shelby County 4-H clubs. Permanent possession of the trophy goes to the 4-H club which wins it three times.

In the dairy goat awards, the Toggenburg breed Grand Championship went to Jess Turner with Turner's Joan; Turner's Lucy owned by Jess Turner won the junior championship. The Alpine breed Grand Championship went to the doe of Mrs. Helen J. Scott, Lee's Summit, whose entry also took the junior championship. H. L. Wilson, Independence, won the Grand Championship in the Nubian class, and L. H. Wells, Springfield, Ill., took the junior championship.

The 1956 Stock Judging award, junior division, was won by Don Estep, Union Star, Mo., who had the highest score.

The FFA beef cattle awards announced were as follows: Shorthorn bull calves before Sept., 1955, Donald J. Miller, Arbele, Mo., had the champion and reserve champion; cow calves before May 1, 1954, Miller had the Grand Champion and reserve champion, and John David Gibbs, Glasgow, Mo., the junior champion.

### Safeway Stores, Inc., Buys Land for Store At Broadway, Warren

Safeway Stores, Inc., exercised Tuesday its option to purchase ten lots at Broadway and Warren from E. W. Thompson for an undisclosed price, for the purpose of erecting another in the chain of food stores.

The action came through a letter from C. N. Rogers, real estate manager for Safeway, to E. C. Martin of the Donohue Loan and Investment Co., who negotiated the sale.

The property is on the northwest corner of Broadway and Warren, extending from Broadway all the way back to Seventh, and from Warren west about 225 feet.

Martin said that Safeway has not indicated when it intends to begin construction of the intended food store.

### Demos Hold Organization Meet Tuesday

John McCloskey Reelected Central Committee Head

The Pettis County Democratic Central Committee held its organizational meeting Tuesday afternoon at which time John C. McCloskey was re-elected to head the committee as chairman. All other officers were re-elected.

Others re-elected were Mrs. John S. Devine, vice-chairman; Mrs. Ike Warren, treasurer; and D. Kelly Scruton, secretary.

William F. Brown opened the meeting and presided as the temporary chairman, and called for the election of the committee officers. Following the election he turned the meeting over to Chairman McCloskey.

Brown later in the meeting gave a brief talk on party harmony and of his attendance to the National Democratic convention in Chicago last week, as a delegate. He said, "I want to express my appreciation for the fine support given me to have me as a delegate of the convention. I gained much information by attending the convention which will be of valuable ammunition for the coming campaign in behalf of our party."

"I shall do everything in my power to help elect the county, state and national ticket this fall. The Democrats through the convention have been generated to the point of fighting for the victories which we shall accomplish," Brown concluded.

Walter Jesse, committeeman from the Third Ward paid tribute to Pettis County delegates who served at the recent State Convention in Jefferson City and who successfully got Brown elected as a delegate.

Sheriff John F. Taylor, candidate for re-election, the only candidate able to be present at the committee meeting, was introduced by Chairman McCloskey.

The committee voted to empower committee officers to take the necessary steps to resolve all ties for committee men and women, and to fill vacancies on the committee.

Chairman McCloskey announced Democratic Headquarters are now open at 118½ West Third.

### Nixon Leaves Meeting For Father's Bedside

SAN FRANCISCO (AP)—Vice President Richard M. Nixon, advised his father is critically ill at Whittier, Calif., left by plane for Los Angeles today.

This meant cutting short his attendance at the Republican National Convention, which today was expected to renominate him for vice president.

## Fair Honors Governor, West Missouri and Kansas Citizens

**TROPHY TO PETTIS 4-H'ers** — Hugo Alewell, left, past president of the Missouri Frozen Food Locker Association, presents his organization's meat animal award trophy to the Pettis County 4-H clubs. Accepting the trophy is Paul Stevens, 4-H Livestock leader. Shelby county last year won the trophy, which becomes the permanent possession of the county when won for a third year.

### Thursday Is Sedalia Day at Fair; Office Of Democrat Closed

Thursday is Sedalia and Pettis County Day at the Fair. It is also Southwest Missouri Day and Missouri Teachers' Day. Sedalia's business firms will close at noon so their employees can visit the Fair's attractions. The county courthouse and City Hall will be closed all day. The business office of The Democrat-Capital will be closed at noon, but all departments will continue to function and may be reached by telephoning 1000. The Democrat-Capital will appear at the regular time Thursday afternoon and Friday morning.

### Conference On Suez Canal Nears Finish

LONDON (AP)—The Suez Canal conference today neared its close with 17 of the 22 nations endorsing the Western Big Three's proposal to put the vital waterway under international control. But there was no prospect that Egyptian President Nasser would agree.

Instead it appeared the best that Britain, France and the United States could hope for — without fighting — would be Egyptian acceptance of India's plan for an international group to give advice only to the Egyptian canal management.

In brief, this was the outcome of the weeklong conference:

Seventeen nations endorsed the proposal presented by U.S. Secretary of State Dulles for an international board, associated with the U.N., to run the 103-mile canal. The 17 were the United States, Great Britain, France, Australia, New Zealand, Pakistan, Iran, Ethiopia, Turkey, Denmark, Norway, Sweden, Japan, Italy, West Germany, the Netherlands and Portugal.

Four nations — India, the Soviet Union, Ceylon and Indonesia — backed the substitute plan presented by India's V. K. Krishna Menon to leave the canal under Egyptian management but with international advisors.

### Tuesday Crowd Total Is More Than for 1955

Today is Governor's Day, Kansas City Day and Western Missouri Day at the Missouri State Fair. Clear skies early today indicated there would be another big crowd on the grounds to take part in the activities.

Governor Donnelly was to tour the fair grounds, have luncheon in the Administration Building, attend the races, and take part, in the evening, in a small informal dinner at the home on the fair grounds of W. H. Ritzenthaler, secretary of the fair. Highlight of his visit was to be his participation in the formal dedication of the fair's three new buildings, the Donnelly Sheep Pavilion, the Donnelly Livestock Building and the Donnelly Polled Hereford Barn. Major participants in the ceremony were to be L. C. Carpenter, state commissioner of agriculture, State Senator George A. Spencer of Columbia, and Secretary Ritzenthaler.

The three buildings are major additions to the fair facilities, greatly relieving congestion in the livestock divisions. The Sheep Pavilion, which added office space, sleeping quarters and a wool show room, cost a total of \$41,000. The Livestock Building, of aluminum, and used to stable horses during the 1956 fair, cost \$23,000, while the Polled Hereford Barn, capacity 160 head, cost \$22,000.

The fair attendance for the first four days was 216,434, short 13,819 of the 1955 record-breaking year. Attendance Tuesday broke the Tuesday record when it soared to 61,646, or 2,714 higher than 1955, which was the top Tuesday of the fair history.

Judging of various exhibits continues with more Grand Champions to be named in various livestock shows, in both open and junior divisions.

Among the highlights of the fair today, was the fact that it was the first day of harness and running horse races, and was Legislators' Day, St. Louis Day and Eastern Missouri Day. A delegation of 375 St. Louisians observed St. Louis Day by coming to the fair in a special train to spend the day.

Three State Senators and 37 State Representatives registered at the secretary's office as visitors on State Legislators' Day. The Senators were George A. Spencer, Columbia, Noel Cox of Sarcoxie and W. O. Sawyers of St. Joseph. The Representatives and their counties were: C. (Kenny) Fajin, Benton County; Shandy A. Stewart, St. Clair; Adolphus J. Legan, Polk; J. T. Campbell, Buchanan; James Lewis Wright, Hickory; F. E. Robinson, Knox; Roger E. Kirchner, Morgan; John C. Bauman, Johnson; Frank L. Mickelson, Cass; Noble G. Abbott, Cedar; Spurgeon (Jack) Atwill, Miller; Robert H. Frost, Clinton; Charles H. Schindler, Andrew; Wesley McMurry, Scotland; J. Riley McVey, Lawrence; Marple S. Wyckoff, Putnam; Charles H. Sloan, Ray; David Milton Overstreet, Pettis; Tom Graham, Cole; A. V. Robert, Lewis; Ralph Wigfield, Livingston; Max E. Bauer, Jackson; Clyston Miller, Ripley; Ralph J. Ayers, Montauk; Russell Corn, Howell; Harry Keller, Jackson; Thomas A. Walsh, St. Louis; John R. Clark, Jackson; A. Clifford Jones, St. Louis; Art Haynes, St. Louis; Frank C. Mazuca, Jackson; John Griffin, St. Louis; Dwight Beals, Jackson.

The 4-H judging events held at the State Fair are the judging events for this extension district. Pettis County had seven teams that competed in this event and the total event was participated in by 15 counties.

The livestock team of Carl Wagner, Larry Wilson and Robert Lettich ranked tenth with one blue ribbon and two whites. The dairy team composed of Larry Wilson, William Finley and Casey Joe Elliott ranked second with two blue ribbons and one red. The vegetable team composed of Lucille Rugen, Betty Welliver, and Davis Woodward ranked eighth with one red and two white ribbons. The clothing team composed of Rose Lee Mergen, Virginia Leiter and Glenda Rhoads ranked sixth with one blue, one red and one white ribbon. The food preparation team composed of Virginia Walk, Joyce Stephens and Mary Mergen ranked seventh with two blue and one white ribbon. The food preservation team ranked first with three blue ribbons. The home grounds team of Shirley Tegtmeyer, Anita Rhoads and Gertrude Tegtmeyer ranked fifth with two blue and one white ribbon.

The booth on farm safety put up by the Pettis County 4-H Junior Leaders received a blue ribbon. This booth depicts safety as a family project and covers both farm and home safety.

### Fire Takes Lives Of Five Children

CHICAGO (AP)—A gas explosion started a short-lived but raging fire in a suburban apartment last night and five young brothers and sisters burned to death.

The blast occurred in the housing project apartment of Jack Davis, 29, in suburban Argo. He escaped injury but his wife, Alice, 25, was severely burned. The children of the Negro couple who perished were Mike, 4; Allen, 3; Jackie, 2; Denise, 1; and Rickey 3 months.

Firemen arrived five minutes after the explosion and 12 minutes later had it under control. But by then the interior of the five-room Davis apartment was destroyed. The children were asleep in a second-floor bedroom.

### Pettis County 4-H Members Star at Fair

They Win in Many Events, Top Showin By Earning Trophy

The Pettis County 4-H members who exhibited in home economics, woodwork, vegetable, field crops, and electricity won a total of 73 blue ribbons, 28 red ribbons and 14 white awards. The two high lights in the exhibits were clothing with 35 entries and woodwork with 20 entries. For clothing there were 31 blue ribbons and in woodwork there were 17 blue ribbons. This really reflects the fine job that local 4-H leaders have done through the club year.

As a climax to the fine showing the Pettis County 4-H members have made at the State Fair, on Tuesday the county was presented the meat special trophy. The presentation was made by Mr. R. Alewell, Concordia, president of the Missouri Frozen Food Locker Association and receiving it for the county was Paul Stephens, 4-H leader from Longwood 4-H Club. Robert Lettich, Longwood and R. D. Kahrs, Smithton 4-H, outstanding beef and swine project members.

The handsome trophy is presented to the county with the most outstanding 4-H meat animal exhibits at the Missouri State Fair. All beef cattle, swine, sheep, and poultry exhibits are considered in awarding the trophy. Number of exhibits, quality of exhibits, distance traveled by the exhibitor to the State Fair, and the attractiveness of the stalls and pens determine the trophy winner.

Shelly County received this trophy in 1955. Runners-up this year were Lafayette and Cass Counties. The trophy will become the permanent possession of the 4-H clubs of any county that wins it three times. It is not necessary that the winnings be in consecutive years.

The 4-H judging events held at the State Fair are the judging events for this extension district. Pettis County had seven teams that competed in this event and the total event was participated in by 15 counties.

The livestock team of Carl Wagner, Larry Wilson and Robert Lettich ranked tenth with one blue ribbon and two whites. ### Fire Damages Brewery

KANSAS CITY (AP)—A stubborn blaze smoldering in a false cork-insulated ceiling at the George Muehlebach brewery last night caused damage estimated by a company official at \$10,000.

Southdown sheep awards: champion ram, any age, Elmer Sallee, Meadville; reserve champion, Gene Wood, Laclede; champion ewe, any age, and reserve champion ewe, any age, won by Linwood Farms, Bradeville, Ia.; under 1 year champion ram, Earl Sallee; champion ewe, Elmer Sallee.

## Says Stassen Has No Right To Make Talk

SAN FRANCISCO (AP) — Determined objections apparently stood in the way today of Harold E. Stassen's request to address the Republican National Convention before it nominates a vice presidential candidate.

"He will not get the chance to talk," said Sen. William Jenner of Indiana. "If no one else objects, I will."

Rep. Joseph W. Martin Jr. of Massachusetts, chairman of the convention, said he had heard there would be "plenty" of objections to Stassen's request. Vice President Nixon, whose renomination Stassen opposes, has urged that he be allowed to speak. Stassen is not a delegate, and would require unanimous consent of the convention to speak.

On leave as President Eisenhower's disarmament adviser, Stassen was being waged an apparently futile fight to drop Nixon from the GOP ticket and to replace him with Gov. Christian A. Herter of Massachusetts.

Sen. Edward Martin of Pennsylvania said in a separate interview that "I am very strongly opposed" to Stassen's speaking. He said the convention has been moving "so smoothly that I sincerely hope Stassen will not persist."

Jenner said he had telegraphed Rep. Martin stating that he wanted to protest any speech to the convention by Stassen.

"He is not a delegate to the convention," Jenner said. "He has no more right to address the convention than 160 million other Americans, and if any man can walk in off the street and address the convention, it becomes mob rule."

Martin said he didn't know if Stassen was requesting permission to speak to the convention to nominate Herter or for some other reason.

## Ticker Is Installed For GOP Delegates

SAN FRANCISCO (AP) — For the convenience of delegates to the Republican National Convention, the Fairmont Hotel, GOP headquarters, has installed a stock ticker.

## Canal Pilots Work Over Allotted Time

Suez (AP)—Since Egypt nationalized the Suez Canal, not one foreign canal pilot has returned from leave.

All other vacations back home have been canceled, and both the pilots and officials of the new Egyptian Suez Canal authority agree they are down to the absolute minimum number of master mariners needed to keep the normal 40-50 ships a day moving through the vital waterway.

"We are working with little rest or time off," says Capt. Knibb

Young of Scotland. "There's a limit to how long we can keep it up."

Thus the outcome of Egyptian President Nasser's daring nationalization of the canal may depend as much on the pilots, and Egypt's ability to train native replacements, as on international conferences and negotiations.

Egypt, rushing the training of 30 new Greek and Egyptian pilots, says it may be possible to resume the leave system fairly soon. But Young doubts that many who got out of Egypt would return unless the canal is internationalized, even though their pay ranges up

from \$20,000 a year plus allowances.

One of the two American pilots working along the Suez, Capt. Almer W. Beale of St. Petersburg, Fla., estimates "75 per cent of them might come back."

The canal before nationalization was serviced by 207 pilots, more

than half of them French or British and only 40 of them Egyptians. Egyptian canal officials estimate 25 to 28 were away on annual two-month leaves when nationalization was proclaimed July 26. The pilots themselves estimate "there are only about 125 to 150 of us" on hand now.

## Both Parties Emphasize Unanimity

By CHARLES MERCER  
NEW YORK (AP) — The Republicans and Democrats, as in their quadrennial custom, have placed great emphasis on unanimity in their national conventions this year. Both also have gone to great pains to seek the largest possible television audiences.

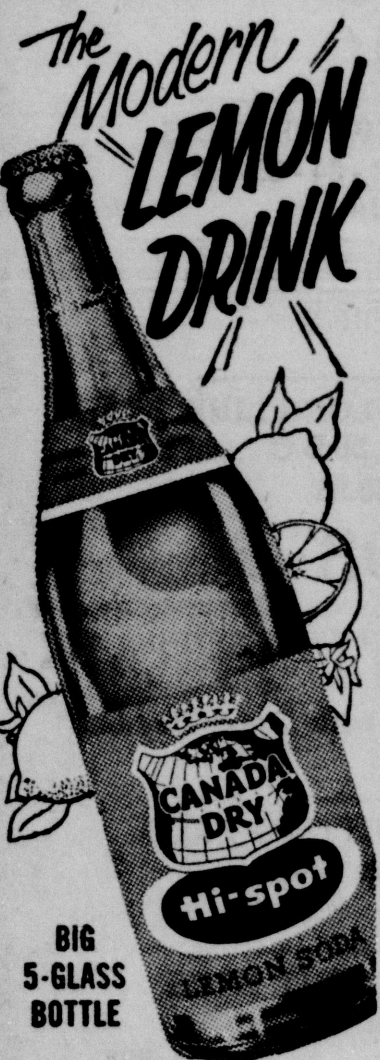

It is a matter of some interest and irony, therefore, to note that both conventions have been of most interest to the television audiences when they have evinced the least unanimity. That's not a comment on politics. It's a comment on television, which is a dramatic medium and has trained its vast audiences to expect crisis and tension rather than mere pageantry on the home screen.

Thus far there has not been any adequate study on how many people have watched or are watching the conventions. True, an NBC survey of last Thursday indicates that approximately the same percentage of total viewers had watched some part of the Democratic Convention as watched the 1952 conclave. But it does not represent the over-all viewing gain the networks had anticipated.

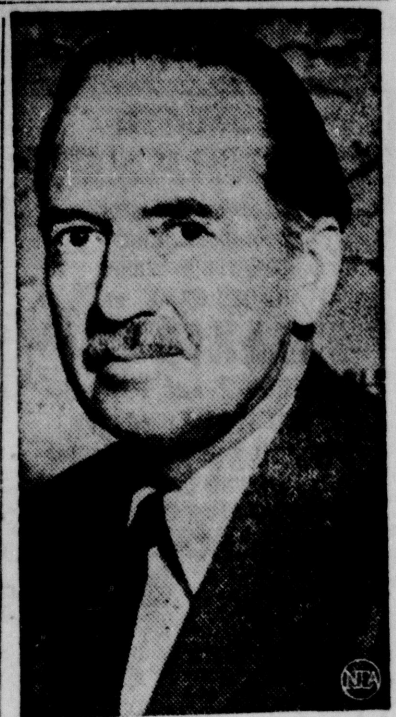

At this writing the Republican Convention in San Francisco has generated as little drama as did the Democrats in their early stages at Chicago. The closest approach at this writing has been the appearance of Harold Stassen on the three major networks—ABC, CBS and NBC—in his bid to defeat the candidacy of Vice President Richard M. Nixon.

Disregarding the political aspects of the situation, Stassen struck a responsive note with a drama-trained audience because he held out the possibility of excitement yet to come.

Some viewers apparently find politics on television a disappointment. Yet it would be a great shame if the parties took the matter too seriously and tried to do something about it. The business of nominating and electing a President of the United States cannot be, and should not be, tailored to fit a dramatic form.

## Scotland Yard Called To Investigate Wills Of 300 Rich Women

EASTBOURNE, England (AP) — Scotland Yard today began examining the wills of 300 rich and elderly women who have died in this resort town over the past 20 years.

Detectives were called in to investigate rumors of a huge insurance and legacy swindle.

The investigation climaxed months of gossip in tea houses and beach gardens that at least 12 of the women left money to a mysterious person under strange circumstances.

Richard Walker, chief constable, said he called in Scotland Yard after an Eastbourne woman sent him a letter concerning the "mystery."

Walker refused to give out details of the investigation.

In 1900, there were 20,000 deaths from typhoid; in 1954, there were less than 20 deaths from the disease.

## Women's Guild Circles Hold August Meetings

Ruth Circle of the Women's Guild of Immanuel Evangelical and Reformed Church met Thursday morning at the church with Mrs. Mary Paul, Mrs. R. J. Rhodes, Miss Esther Meisenheimer as hostesses. Mrs. Herschel Bremmer led the opening after the devotional service.

The program, "Thank You," was presented by Mrs. Ernest Liebel, Christian education chairman. The program consisted of the reading of thank-you letters from persons in various parts of the world served through the denominational program, Church World Service.

Mrs. Rhodes presided over the business meeting. The circle agreed

to sponsor a poster, "The Magic of Christian Love," as part of the Church World Service, which provides economical aid to the world's needy people.

Mrs. Lloyd Satterwhite, 1016 Wilkerson, was hostess Thursday to the Dorcas Circle. Mrs. Adolph Whitthaus was in charge of the devotions.

The program consisted of a talk by Mrs. Michael Wolfel on her recent trip to Germany. Mrs. John Griessen presided over the business session. Twelve children hospital gowns will be made at the September and October meeting.

"Ed Sullivan announced today that he had been unable to work out arrangements for the appearance of Miss Bergman on his program and was abandoning any further efforts to secure her services."

## Catches Up With Former Girl Friend

TOKYO — Shigeo Furuya, convicted of murder in a wrong-victim love slaying, caught up with his intended target in Tokyo Appeal Court and stabbed her with a bamboo spear.

Furuya was convicted in District Court of the midnight strangling of Miss Hisako Katsunuki, 19. He testified he had mistaken her for Miss Fumie Ogawa, and said he wanted to kill Fumie because she had grown cold toward him.

The District Court sentenced Furuya to life. He appealed to the higher court.

Fumie was called as a witness at yesterday's appeal court hearing. Her three hours of testimony centered chiefly on a denial that she had ever been Furuya's mistress.

As she finished testifying, Furuya broke from his guards and plunged a sharpened length of bamboo into her chest. Doctors said she will live.

## Fall Hats Take Upward Direction With Prettier Bulk

Hats achieve height this fall, abandoning the width of last spring. We show the upward trend here in pretty, wearable hats by top designers. Stove-pipe cloche (upper left) is in capucine velours set on a roll-brim of peach-toned velvet. This is by Chanda. John Frederies' high toque of peacock blue furry surfaced felt (center) is inset with bands of navy velvet ribbon. From Christian Dior's American collection comes this swan cap (upper right) of snowy white plumage in a rounded pillbox

with two forward-curving wings. Walter Florell's "Irene Castle" cloche (lower left) is caramel felt, has high-draped crown of caramel-and-white pin-striped velvet. Furry white felt is used by Chanda (center) for this high-crowned, squared cloche corded in white satin and sparkling with rhinestone pin. Small, swirl-draped toque of olive green (lower right) by Christian Dior is set on narrow band of matching olive green felt. Glitter for fall is represented by rhinestones and colored sequins.

By GALE DUGAS  
NEA Women's Editor

NEW YORK — (NEA) — This fall, the direction that hats are taking is an upward one. The new hats go to new heights in furry felts, furs and feathers, and most of them are worn slightly back on the head.

The new hats, then, are quite different from the low, wide, bulky hats of last spring that were meant to be worn straight on. Autumn's hats have bulk, too, but it's a prettier bulk, more shaped, more flattering, easier to wear.

As one of the country's best known designers said at a press conference here recently:

"We know that if we don't give

## Negro Men Continue Efforts for Place On Birmingham Police

BIRMINGHAM, Ala. — A spokesman for two Negro men said they will continue their efforts to gain places on Birmingham's all-white police force.

And a statement by a group of Negro ministers said they feel a federal investigation is "necessary" to determine whether the firing of one of the two from his job in a shell-manufacturing plant was "discriminatory."

Clyde Jones, 28, was discharged by the Englander Co. yesterday, the day after he and George Johnson, 33, unsuccessfully sought examination for police jobs.

A company spokesman said Jones was fired for absenteeism and unsatisfactory work.

However Jones said he also was told the dismissal was because of his "extracurricular activity and politics."

cause she had grown cold toward him.

The District Court sentenced Furuya to life. He appealed to the higher court.

Fumie was called as a witness at yesterday's appeal court hearing. Her three hours of testimony centered chiefly on a denial that she had ever been Furuya's mistress.

As she finished testifying, Furuya broke from his guards and plunged a sharpened length of bamboo into her chest. Doctors said she will live.

women pretty hats, they simply won't wear hats."

This fall, therefore, you're getting pretty hats again. Jewel-like colors. Felts so furry that you must run a hand over the surface to detect felt from mink. Glowing velvets. The deep profile cloche, always becoming. Sequins and rhinestones for glitter.

Generally, size is more moderate than it was last season. Swirling and draping lends a softness lack-

ing in spring's hard-topped models. And there are many soft, manipulated felts.

But whatever the silhouette (toque, beret, cloche, turban or profile) there's a new all-over soft-

ness achieved both by fabrics and handling of fabrics. Colors are rich: olive green, royal blue, rose and mauve, olive and aqua in one well-liked combination and rose and pink in another.

## Tom Dewey Makes Speech At Convention

SAN FRANCISCO (AP)—Thomas E. Dewey today plugged for an Eisenhower-Nixon victory in November because, he said, that would guarantee Americans "prosperity and peace at the same time."

The former New York governor and twice the unsuccessful GOP candidate for president told the Republican National Convention: "Every American can sleep better because the President is willing to give four more years of steady and successful leadership."

"Our purpose is to be strong enough to prevent war and skillful enough to avoid having to prove it."

"Everyone knows today that, with a Republican administration, the American people can have prosperity and peace at the same time."

In his prepared speech, Dewey praised President Eisenhower as "the greatest leader of our time." He said Republicans are proud of Richard M. Nixon's record as vice president, which he called "distinguished and devoted."

Dewey, the GOP presidential nominee in 1944 and 1948, declared that Eisenhower and Nixon inherited from the Democrats a "chaos in world affairs" and a "mess in Washington."

## AFL-CIO Leader Charges Board With Delay

ST. LOUIS (AP)—John W. Livingston, AFL-CIO organizational director, says the National Labor Relations Board has so changed that labor must wait years to have its case settled but "any two-bit Texan capitalist can have his case resolved in weeks."

Livingston charged that the "Eisenhower-appointed" NLRB has in the past two or three years "reversed all decent policy decisions of the old board." He spoke yesterday before the first annual convention of the Oil, Chemical & Atomic Workers Union.

The NORB, he declared, now is the "national labor reversal board."

He urged stepped-up efforts to organize workers not now represented by a union, asserting that only 50 per cent of the chemical workers in the United States are union members.

Edward R. Moffett, president of the International Chemical Workers Union, which is considering a merger with the OCAW, said he favors "long courtships."

## Cab Driver Claims Forced Warsaw Trip

Floyd Cook, a driver for the Yellow Cab Co., who reported to police he was forced to drive a man to Warsaw and back early Wednesday morning, suffered shock about 6:20 a. m. when he got out of his car in front of the Jockey Club.

Cook told the police the man was picked up as a fare in the 100 block on West Second. He said the man forced him to drive to Warsaw, drove around in the town and then started back early this morning. He said when he got back to Sedalia he was so scared he stopped and got out of the cab.

After he got out of the cab he fainted. He was taken to the Bothwell Hospital, where Dr. Donald Proctor attended him.

## Optimist Hold Weekly Meeting at Bothwell

## Ham Breakfast and Politics Don't Mix

Long ago the possibilities of the Missouri Country Ham breakfast were envisioned by State Fair officials. Now this annual event has become a regular feature in connection with the Fair. Prize hams are auctioned off at \$31 or more a pound. A delicious country ham breakfast is followed by an entertaining program of introductions all handled by the paragon of masters of ceremonies—Col. Robert E. Lee Hill, of Columbia.

One of the major achievements of this affair throughout the years has been to conduct it on a non-partisan basis. This is a rare accomplishment when one considers the influx of political candidates of both parties at Fair time. If there is such a thing as lions and lambs breaking bread together, the State Fair ham breakfast is the place where it may occur.

Whenever former President Harry Truman can speak before a crowd of 600 people like he did last year and restrain himself from a rabid partisan speech, the ham breakfast itself should receive a blue ribbon, and one for Harry, too. We recall HST was a bit restless when he promised not to indulge in political personalities. A time or too he almost split a frog on the ham breakfast track of non-partisan ship.

This year somebody must have given Albert E. Schoenbeck, of St. Louis, a bum steer on what the theme of the breakfast talks should be. He talked for twenty minutes and led his listeners up the glory road of Republicanism. Some of the rabid Democratic ham eaters were fit to be tied, but they listened, squirming in their seats, although the speech was lined with a bit of logic.

At the conclusion the atmosphere was tense, but the inimitable and jocular Col. Hill used his verbal needle as

a hypodermic and lulled the listeners into accustomed cordiality.

Then William F. Brown, fresh from Chicago as a delegate to the Democratic National convention was called upon to share equally the speech-making time allowed the Republican spokesman. A hush fell over the audience because Brown is no bush-leaguer at political oratory, and sparks were likely to ignite the charged atmosphere.

Sensing the tension in the room, Brown made the shortest speech in the memory of his friends, and in a twinkling became a fledgling diplomat:

"We welcome all of you to Sedalia and the Missouri State Fair," he said "I believe in the two-party system but I believe the Republican party should be in the minority. I do not feel this is the place to blast forth on politics. We'll have plenty of time for that between now and election." Then he sat down.

Even Toastmaster Bob Hill was flabbergasted at this polite clearing of the program from an atmosphere of static political electricity into one of exhilarating ozone.

All of which is to the good for the planning of future ham breakfasts. Introduction of political candidates—Democratic and Republican, yes—but hereafter let it be understood in advance that all speakers, except, of course, Col. Robert E. Lee Hill, whom everybody came to hear anyway because they love him, confine their remarks to ten minutes and then talk about hams rather than politics. There's a lot to learn about hams and how to cook them. Politicians already know how to fry each other.

Unless this is done future ham breakfasts will become as dead as the hogs from which the hams originated.

### The World Today

## GOP Relies Completely on Eisenhower

By JAMES MARLOW  
Associated Press News Analyst

SAN FRANCISCO (AP)—No political party ever pinned its future more absolutely on one man.

There'd be panic among Republicans in San Francisco today if for any reason Eisenhower said he had to withdraw. There has been no slightest sign he will do so.

Eisenhower is not only the Republicans' main hope of victory. He has become about their only hope now. So far as is known they have given no thought to anyone else for the presidency since Eisenhower, earlier this year and after his heart attack, said he'd make another try.

The Republicans' complete reliance on Eisenhower to win again shows up sharply in the hotel lobbies where the pictures of the President and Vice President Nixon smile down upon the delegates who seem so carefree you'd think they were at a picnic on a cloud.

Their big problem has been getting into the restaurants. Their only annoyance has been Harold E. Stassen's insistence that the convention delegates dump Nixon and find another ticket-partner for Eisenhower.

Stassen must feel like the loneliest man in town. No Republican leader has openly supported him. Nevertheless some delegates have been telling newsmen privately they agree with Stassen. But they say they will not express that view publicly and will vote for Nixon. Nixon looks like a cinch for re-nomination.

When Adlai Stevenson, the Democratic presidential candidate, announced to his convention he would endorse no one for vice president but wanted the delegates to choose the man freely, by in-

direction he challenged the Republicans to do likewise.

Eisenhower earlier this year told a news conference it was unthinkable that a presidential candidate should not have some choice as to his running mate and should withdraw if a convention gave him a No. 2 man who was unacceptable to him.

It remains to be seen now — after Stevenson's statement — whether Eisenhower will indicate any public preference. The Republicans have had sound political reasons for never giving any sign that they should consider — just in case Eisenhower

did withdraw — some possible candidates to run in his place. If they had done so, they would be adding to the ammunition of the Democrats, who are making Eisenhower's health an issue.

By the same token, if the Republicans quarreled among themselves over the vice presidency — whether they would want Nixon as president if Eisenhower died or retired — they'd be adding steam to the health issue.

The Republican leaders — and the delegates to the convention — have been operating on the assumption that Eisenhower is not only physically sound but will remain so for another four years.

## More New Men for Dirty Job In Traditional Profession

By ROBERT TUCKMAN

BERLIN (AP)—It's a dirty sort of business but the ancient profession of chimney sweeping is still attracting young men to its soot-covered ranks.

In Berlin, the 253-year-old Innung der Schornsteinfeger—Guild of Chimney Sweepers—is growing yearly. Today, there are 199 masters, 215 journeymen or skilled sweepers and 38 apprentices.

The masters are top men in the profession. Skilled sweepers can only rise to master rank by filling a vacancy resulting from death or retirement. Apprentices must make the rooftop rounds for three years before they are allowed to take an examination for journeyman status.

The examination is a bruising one. At a recent test, eight apprentices showed up at the "examination hall"—a six story building.

The apprentices were ordered to climb up one of several chimneys picked for the test. The first popped his head over the top in four minutes, covered with soot, hands and feet scratched and bruised.

The slowest climber took 12 min-

utes, but he passed the examination.

After first aid on the roof, the apprentices cleaned their way down the chimneys.

The chimney "sweepers" are a colorful lot around Berlin. They are garbed in black from top to bottom, and their faces are streaked with soot more often than not.

They wear battered silk top hats, black cloth blouses, and black cloth pants with leather pads covering the seat and knees. The shiny metal buttons on their blouses each bears a replica of Saint Florian, the patron of the chimney sweepers.

Each carries the traditional "old witch" style broom and a long rope for making their way up and down chimneys.

It's an old German belief that if you meet a "sweep" on the street or spot one on a roof, it will bring you good luck. Some people say it will bring even better luck to touch a "sweep."

The sweeps do nothing to discourage these legends. Many pick up extra change through "accidental" meetings with dignitaries. The sweeps also turn up, for a slight fee, at weddings, anniversaries, and other special events.

## 'Adventurous Bachelors' Are Becalmed In US With Craft

GEORGETOWN, Md. (AP)—Dutch-built fishing boats are OK for the Zuyder-Zee, the North Sea and the North Atlantic, but they're just not the type for a round-the-world sailing cruise.

That is the considered opinion of five young sailors—two Canadians, an Englishman, an American, and an Irishman from Dublin.

And they should know. Their craft, Wooden Shoe II, now lies moored in the snug reaches of the Georgetown harbor, and there's a FOR SALE sign tacked to the rigging.

The sailors set off around the globe in their small, single-masted craft.

It turned out the heavy sailed vessel just wouldn't move in normal breezes, and a trip through the calm-breezed Pacific would have been out of the question.

Mel Smith, 26-year-old commercial artist from Hamilton, Ont., was skipper of the becalmed crew. He's back at work, Richard Scott, 28, also a native of Hamilton, is back home working as an electrician. An American, Robert Begalki, 27, is at his New York home. Thirty-six-year-old Geoffrey Lascelles from England is with Begalki.

The remaining crew member, 23-year-old Bob Adam, of Dublin, Ireland is looking for a sale.

All of the boat's crew are hoping

to find a craft more suited to gentle breezes.

Having been dubbed the "Adventurous Bachelors," the crew has every intention to make the global trip — finances permitting.

Adam already has his eye on a two-masted Chesapeake Bay schooner, anchored not far from the Wooden Shoe II. She's a proven craft, having cruised in the calm waters of the Caribbean several times.

And she's for sale, too.

### AF Plane Crashes, Kills Three Men

WEST PALM BEACH, Fla. (AP)—The commander of a stricken Air Force transport plane banked away from a group of houses to an open spot where the aircraft crashed and burned last night, killing three men and injuring three others critically.

None of the men was publicly identified, pending notification of their families. The cause of the crash was not determined but at least one engine was not operating.

The "Pitt" diamond weighed 410 carats in the rough and is credited with financing Napoleon's career.

### Dr. Jordan Says

## New Device Is Effective In Failure Of Kidney

By Edwin P. Jordan, M. D.

Uremia is a condition in which certain chemical substances accumulate in the blood which should have been eliminated through the kidneys. It usually results from long-lasting inflammation of the kidneys, though it sometimes follows shock, wounding or other injury, severe loss of fluids from the body as occurs in prolonged vomiting or watery diarrhea, and a few other conditions.

The symptoms of uremia are variable. Partly for this reason an accurate diagnosis can be made only after the blood has been examined chemically to find out which poisonous substances have been retained.

Chemical examination of the

blood also helps to decide what treatment to use and what the outcome is likely to be. Tests of the urine and careful examination of the functioning of the kidneys are also necessary before a complete diagnosis can be made and treatment started.

During the past 10 years a great step forward in treatment has been taken. This is the result of the development of a device commonly known as the "artificial kidney."

Essentially, what is involved in the use of the so-called artificial kidney is a process whereby blood is taken out of the body and passed through a complicated apparatus which will remove some of the poisonous chemical substances.

Substances can be added to the blood as well as taken from it.

When the process has been completed the blood is put back into the body.

There are several different kinds of apparatus used to perform this complicated function.

At present this method seems to be of real value in the treatment of acute varieties of kidney failure resulting from shock, wounding or the like, but its value in long-lasting chronic uremia is less sure.

Another important use of the artificial kidney is in the treatment of certain kinds of poisoning with such substances as barbiturates, bromides or salicylates. If appropriate treatment can be started promptly enough it appears that these substances, when present in dangerous amounts in the blood, can be removed with life-saving effects.

## Announces Plan For State Park At Table Rock

BRANSON, Mo. (AP)—What may well be the loveliest state park in Missouri now is in the planning stage near Table Rock Dam.

The dam, scheduled for completion in early 1958, is about 10 road miles from this southwesterly Missouri resort city.

Joseph Jaeger Jr., director of parks, provided the first public announcement of the plans at a speech before the Branson Rotary Club today.

The new park, utilizing some 600 acres of land on both sides of the dam and licensed to the state by the U. S. Corps of Engineers, will have all the usual facilities in a lakeside park—plus a possible fancy hotel and motel layout.

So far Missouri has not offered luxury facilities although there is believed to be a growing need for them, Jaeger said.

Inclusion of the higher rate resort will depend on whether the Legislature will authorize the State Park Board to issue an estimated \$350,000 in revenue bonds for construction. Tentative plans call for purchase of some 255 acres of land high on an Ozark hilltop overlooking the lake.

A plush hotel would be the central structure. In front of the hotel would be a swimming pool and clustered behind the hotel would be accommodations of the dress up for dinner sort.

### Describes Nixon As Being Confident Man

SAN FRANCISCO (AP)—Vice President Nixon was described by friends today as confident all would go well for him at the Republican National Convention.

It was by now accepted that only President Eisenhower could upset his renomination. Nixon's jovial mood last night suggested he had no foreboding of any such possibility.

He did not call on Eisenhower after the President's arrival from Washington, although meeting him at the airport, and did not plan on seeing Eisenhower before the convention chooses its ticket.

"I have not requested an appointment," Nixon told newsmen, "and I do not expect to have one unless he requests one."

He said later: "My feeling is that I have no particular matter or problem to discuss with the President." This was interpreted by some as an indication he had received Eisenhower's go-ahead.

Crowds gathered wherever the vice president went. People tried to shake his hand or wish him well. Delegate acclaimed him when he popped in on caucuses or other delegation affairs. Others poured in to his 11th floor hotel living room to voice their support.

## Thinking It Over

By Robert L. Dieffenbacher, D.D.

As recently as 20 years ago thousands of people in our progressive nation lighted their homes with oil lamps, pumped their water by hand or with windmills and generally lived much more primitive lives than they do today.

Times have changed because of thousands of miles of power lines which furnish electric current to practically every city, hamlet and remote dwelling in the nation.

Millions of people who longed for an easier life as a result of this new power have forgotten their previous hardships. They take for granted their artificial daylight, and their servants who jump into action with a touch of the switch. They have learned to gripe and growl when some slight interruption puts them in momentary darkness. Appreciation has waned.

Behind this unseen power which turns the wheels of a nation is a greater power who is unseen, taken for granted and in some cases even denied. During the past generation scores of the secrets of the Creator have been revealed to people. We have put to use these discoveries, and we have come to take them for granted in the same way that we casually express our faith.

We want love, but we do not want to give much love to others. We pray for gifts, but we do not devote much prayer to thanksgiving. We want others to overlook our faults but we do not go out of our way to forgive theirs. Let us pray to remember what God has done for us.

### Washington Merry-Go-Round—

## Stassen Wires Friends For Support

By DREW PEARSON

SAN FRANCISCO—Harold Stassen has kept secret most of the names and the correspondence he's exchanged with anonymous opponents of Vice President Nixon. However, this column is now able to reveal some of them.

Here is one telegram Stassen sent to Louis De Rockmont, 35 West 45 street, New York, the motion picture producer formerly associated with Harry Luce in "Time Marches On."

"Developments are favorable," telegraphed Stassen, "situation continues to be difficult. Will welcome your counsel on manner of carrying forward especially on public side during next days."

"I am confident President Eisenhower's mind continues to be open on the vice-presidential question. I believe if Herter is nominated President would be well pleased to have him as running-mate."

"Would you consider the announcement of 100 Americans—all listed in Who's Who—who believe the party should nominate Herter an important move? We shall remain in contact with you. (Signed.) Harold."

Another contributor to Stassen's Dump Dick campaign was H. F. Johnson of the Johnson Wax Co., Racine, Wis. To him Stassen telegraphed:

"Letter received many thanks. Your understanding of the second and the third is correct."

Nicholas Roosevelt, cousin of Teddy Roosevelt and former minister to Hungary, was another contributor. To him at Big-Sur, South San Francisco, Stassen wired:

"Your forthright and vigorous words have stirred me deeply, many thanks and best wishes always. Harold."

To Helen Ames Lett of Danbury, Conn., another contributor, Stassen telegraphed: "It is late but not too late and it is very important for our country that we succeed."

Other contributors included: Erank A. Blum and son 1248 Carson St., Pittsburgh, S.C., Johnson and Son, Racine, Wis., A. D. Strong Co., 938 Midland Bank Bldg., Minneapolis.

NOTE — Bailey Vinson of Tulsa who contributed \$1,000 to Stassen was bounced as Republican national committeeman from Oklahoma on the first day the committee met in San Francisco. Vinson was once revealed by this column as pressuring the Interior Department to permit him to drill for oil on the Lake Souris wildlife refuge in North Dakota, an area where no drilling was permitted under the Democrats.

**Publish The Platform?**

Regardless of the bickering over Vice President Nixon, there was general unanimity that Senator Prescott Bush of Connecticut did not shine as chairman of the resolutions committee. His railroad tactics were finally overruled when it came to adopting the Republican platform committee.

"I agree with the former assistant secretary of state, Thurston Morton," said Sumner Pike, delegate from Maine, "that what we adopt here will be scrutinized and examined by our opponents under a microscope. For that reason," continued Pike, "I propose that we see what we are passing upon in cold print. I find it difficult to act on a mere oral reading of the platform."

Pike referred to the manner in which Senator Bush read sections of the platform aloud and asked for an immediate vote without delegates having a chance to study the proposed sections. "We have not printed the platform for security reasons," replied Senator Bush.

However, Congressman John Phillips of California agreed with Pike.

"Let's take a look at what we're voting on," he said.

"I confess," said kindly Senator Saltonstall

of Massachusetts, "that I find it embarrassing to pass upon matters of this importance without knowing exactly what it is we are called upon to approve."

As a result the resolutions committee agreed that the platform would be mimeographed and they would have a chance to study the complete text the next day before a final vote.

**San Francisco-Go-Round**

Bernard Shanley, the President's appointment secretary had to be pressured to go to the airport to meet Vice President Nixon. Shanley is Stassen's former campaign manager, didn't want to meet Nixon. It took quite a bit of pressure to make him go... Indiana's Charley Hallock had to rewrite his nominating speech several times because of the Suez crisis. Right up until the last minute he was afraid something would happen at the London conference to make him rewrite it again... Hallock took some fishing rods with him, will stop in Colorado en route back to Indiana for some trout fishing... Republican headquarters in San Francisco are at the Hotel Fairmont. Ben Swig, owner of the hotel, is a Democrat. He was in Chicago as a delegate to the Democratic convention when Republicans started arriving at his hotel... Len Hall has put his friend David Dows in as new committee-man from South Carolina. Hall and Russ Sprague knew Dows on Long Island. He has now moved to Aiken and become a transplanted South Carolinian... David Sarnoff, the RCA mogul who's been under grand jury investigation in Philadelphia, hired the swankiest of all facilities for entertaining press and radio men. He took two whole floors at 1190 Sacramento St., where newsmen can get free drinks and food anytime between 12 noon and 12 midnight.

**Worries for Knight**

What worries Gov. Goodwin Knight, the anti-Nixonite who has dared speak out with any vigor, is the danger of California going Democratic in November. With Nixon on the ticket the danger increases.

First you have to remember that both Stevenson and Kefauver rolled up terrific votes in California in June. And if you add their totals together, you get a total that Ike with Nixon on the ticket would find hard to beat.

Second, the California legislature is already close to going Democrat for the first time in half a century. Today the number of Democrats in the California state senate is the highest in history — 19. There are 21 Republicans, and even if the Democrats fail to pick up the necessary two votes to control, it's likely that two or three Republicans will join the Democrats, thus permitting the Democrats to organize the senate.

In the California assembly the Democrats have 35 members and need six more seats to control. There are six assembly districts now held by Republicans where the Democrats have a substantial majority of the registration.

So unless the national GOP ticket is powerful, Governor Knight could lose control of both houses of his legislature.

That is one reason why Knight doesn't feel good about Nixon.

### Thought for Today—

I therefore, the prisoner of the Lord, beseech you that ye walk worthy of the vocation wherewith ye are called.—Ephesians 4:1

Every individual has a place to fill in the world, and is important, in some respect, whether he chooses to be so or not.

—Hawthorne.

# Cye Martin Clothes Many Male Stars in New York

By HAL BOYLE  
NEW YORK (AP) — Today's success story:

One of Broadway's most successful showmen never sang a Mammy song, played Hamlet, or wowed the nation with a catchy punline.

He is Cye Martin, an ex-shoeshine boy who has carved himself a profitable career as clothier to their royal majesties, the "Top Bananas" of the entertainment world.

At 13, as stage-struck as "any cluck from Keokuk," Cye came down from the Bronx and set up a shoeshine box outside Lindy's restaurant at 51st and Broadway. Soon the awed kid was brushing the brogans of Eddie Cantor, Lee Shubert, George Jessel and Bert Lahr.

"I charged a dime," he recalled, "but they usually flipped me four bits or a buck."

Cye then worked as a candy butcher in Times Square burlesque houses when Milton Berle, Red Buttons and Jackie Gleason were young comics in the bump-and-grind industry. Then, after 16 years as a clothing salesman, he opened his own store — next door to Lindy's — only a few feet from the spot where he had first pitched his shoeshine stand.

Broadway, where every feller needs a friend and the first law is palship, stuck by Cye.

"Jackie Gleason bought 75 suits from me the first three years I was in business," recalled Cye. Today his clientele includes such show world notables as Berle, Jerry Lewis, Dean Martin, Tony Bennett, Jack Leonard, Sammy

Davis Jr., Frank Sinatra and Eddie Fisher.

Men performers are as clothes-conscious as women — the top earners spend \$10,000 a year or more on their outfits — and for a very good reason.

"Their clothing is as important to them as their material, their music, or any other part of their importance," said Cye.

"The days when Broadway figures wore long key chains, bell-bottom trousers and bright yellow shoes are over. They dress smartly now, partly because television requires it."

Cye whose store is in the former entrance to the Mark Hellinger Theater, runs it like a Broadway production. He even uses theatrical lighting for his windows.

He believes Sinatra is currently the best-dressed man in show business, and keeps a wooden model of "the Voice" handy, so that he can custom tailor new suits for him and send them to any part of the globe Sinatra is visiting.

"Most top performers buy 15 to 20 suits a year," he said, "at \$165 to \$225 each. They like their suits tailored, but most of them buy their sport jackets off the rack."

A few idiosyncrasies: Singer Billy Daniels and comic Myron Cohen wear tuxes without pockets.

Sinatra likes his toe laces made of plain cloth instead of satin. Sammy Davis Jr. has frontier pockets in the trousers of his tuxes.

Cye's two biggest customers, physically as well as financially, are the two bulky comedians — Gleason and Leonard.

Gleason likes to design his own outfits. Once he ordered 13 suits during a single visit. Another time ordered two \$500 trench coats made out of off-white cashmere, complete with matching cap — a get-up that made him resemble an early snowfall.

Recently Leonard, who died down from 330 pounds to 205, had to give away a 40-suit wardrobe. "Now I buy a tie for dessert," he told Cye.

## Women Take Over—

# Hoover Draws First Show Of Emotion at Convention

SAN FRANCISCO (AP)—Don't accuse the Republican National Convention of being dominated by Madison Avenue.

Madison Avenue might sue. Certainly, the advertising and public relations experts who are helping can't be too happy with the way the convention has been going so far. As a production, the show needs more work, more polish, better timing. It just isn't ready yet for big-time television.

The women talked too long and the Cabinet members were practically talking to themselves while being outstaged by a fellow named Eisenhower. Somebody fell off the beam.

However, this reviewer liked the Herbert Hoover role. He was greeted by five minutes of warm applause and dancing signs that said, "We Love You, Mr. Hoover." It was the first big emotional moment of the convention.

Four years ago, the ex-President told the Republicans it was probably the last time he'd address them in convention. And here he was, back again last night at 82, making quiet little jokes about the actress who made six tearful farewell appearances.

Hoover stood blinking under the lights, his thinning hair a yellow-white, his eyes lost under wispy white brows, a small wry smile playing over his eyes. Made you think of a benign, blond Buddha. He thanked the delegates but there were no tears, no break in his voice. He read from the teleprompter in his own slow, deliberate pace. He tolerated the applause but rarely looked up.

Hoover left and the women took over.

## Campaign Material Has Two Purposes

PROVIDENCE, R. I. (AP)—Edward V. Healey Jr., Rhode Island Republican gubernatorial campaign director, wired Bayard Rustin, chairman of the Rhode Island delegation in San Francisco, as follows:

"In event Stassen's campaign for (Gov. Christian) Herter, of Mass., is unsuccessful, we could make use of all campaign material using words 'Ike and Chris' for our candidate for governor, Chris del Sesto. Will you contact Mr. Stassen on our behalf?"

## Two Dogs and Horse Named in Second Will Of Packing Family

ST. LOUIS (AP)—Two dogs and a 28-year-old retired riding horse, already well provided for in the will of their mistress, can really live it up now on bequests left by her husband.

Harry B. Fosterman, retired packing company executive, left each of them \$25 a month. He also provided \$100 a month and \$15,000 for a house for Mrs. Gladys Mertz, 59-year-old widow who had been housekeeper for the Fostermans seven years and will now take care of the pets.

Mrs. Fosterman left \$50 a month apiece for the two dogs and the horse when she died in May. Her estate was valued at \$427,905.

## Pleasant Weather Prevails Over Nation

By THE ASSOCIATED PRESS

Light showers fell in a few areas but fair and mostly pleasant prevailed in most of the nation today.

It was a little on the cool side in the eastern third of the country from the Ohio Valley eastward to the Atlantic Coast and southward to the Gulf. Temperatures were about 7 degrees lower than 24 hours earlier, generally in the 50s, with a few 60s in the North. Readings ranged up to the lower 70s along the Gulf Coast.

## Says Moscow Will Get Hollywood Premier

HOLLYWOOD (AP)—A Soviet official says Moscow is in for a Hollywood-type premier as part of a Russian movie exchange program.

Valdimir Surin, first vice minister of culture, said his country wants a worldwide cultural exchange of movies.

As part of the program, Surin said, American producer Michael Todd will stage the premier of "Around the World in 80 Days" in Moscow Nov. 21. Surin said Todd will also produce a Russian film, "The Grand Concert," dealing with the cultural achievements of the Soviets.

## Says Israel Loses Only One in Clash

JERUSALEM (AP)—Israel says only one of her soldiers was killed in a clash along the armistice demarcation line dividing Jordan and Israel. Jordan said earlier

Israelis were killed in the incident yesterday.

Each nation blamed the other for starting the action.

An Israeli army spokesman said Jordanians in the Samaritan Hills fired on a four-man Israeli patrol moving along the demarcation line.

BLUE CHIP GMC TRUCKS

# This GMC has "muscles" unsurpassed in its class!

The simple facts speak for themselves.

This new GMC 250-8 has 180 V8 horsepower standard. No other truck in its class comes even close to that.

The extra power delivers 276 foot-pounds of truck-propelling torque. Over-the-road truckers call it "guts" — and this GMC's got up to 33% more than the others.

It's at the top of the heap in frame-strength, too. In fact, there's as much as 10% more "muscle" in its chassis than you'll find in comparable trucks. And there's more. For this rugged GMC has

3500 lb. front axles and 7200 lb. rear — unsurpassed in its weight-bracket. It has extra-size brakes and springs.

Add it all up and you can see what GMC Blue Chip stamina really means. Especially when you team it with a GMC's dependable performance and Hydra-Matic\* savings.

For here's a truck that not only delivers the goods at lowest cost — but keeps delivering long after an ordinary truck would have faded out.

Come in and find out about having one start work for you!

## Large Purses Offered on Tuesday In Opener of Horse Racing Card

The 26-trot, Greater St. Louis trophy race, at the Missouri State Fair, was won by Nimble Dust, owned by Joseph R. Martin of Kansas City, and driven by the owner. Nimble Dust took the event in two heats, 2:12 4/5 and 2:11. Sterling P. Davidson, Jr., of the St. Louis Chamber of Commerce presented the trophy to the driver.

In the 19 Class Pace (Missouri owned) the winners had the fastest times of the mile for all races. Beautiful Frisco owned and driven by C. D. Mangus, Kirksville, won the event. Taking the first heat in 2:07 4/5 and the third in 2:07.

## Gene Conley Pitches Tops Braves Game

MILWAUKEE (AP)—Gene Conley, Milwaukee's sky-scraping right-hander, pitched the most important game of his career yesterday — and one of the biggest of the year for the Braves.

Made useless by a lame shoulder the first part of the year, almost totally ineffective during the middle months, the 6-8 Conley came through handsomely last night against New York in what might have been his final chance as a starter.

With his back to the wall, he emerged from a siege in the bullpen to pitch the Braves to a route going 6-2 victory and a sweep of the day-night double-header after the Braves had won the opener 5-3.

Manager Fred Haney made no attempt to conceal his relief as he explained just what Conley's stalwart mound performance meant to the team.

"I figured all along this would be a key game for us," he said. "So much depended on how Gene fared tonight... much more than merely winning another game."

"I had my pitching rotation all mapped out for the next six days, through the important two-game series with Brooklyn. But everything depended on this game. If Conley could go all the way and look good doing it, I was all set. If he couldn't do it and I had to come in with someone else, I was fouled up."

Haney then went on to explain that his pitching blueprint for the next six days called for rookie Taylor Phillips to pitch the finale against the Giants today. Ray Crone would open the Philadelphia series tomorrow and would be followed by Warren Spahn and Lew Burdette. That would leave Bob Buhl and Conley ready for the Dodgers next Sunday and Monday.

## Elorde, Berrios Battle Tonight on Television

SAN FRANCISCO (AP)—Filipino Flash Elorde and Puerto Rican Miguel Berrios, a pair of speedy featherweights with sharply contrasting styles, battle tonight in a nationally televised 10-rounder from this Republican convention city.

Both boxers are 23 and among the top 10 in the 126-pound division.

The match is scheduled for 8 p. m., CST over the ABC network. Elorde's record shows 32 victories, 8 losses and 2 draws. Berrios has a 17-6 record.

## Missing False Teeth

NASHVILLE, Tenn. (AP)—Robert Jones, 31, was vacationing at Daytona Beach on a Saturday when a wave knocked his false teeth from his mouth while swimming in the ocean.

He put a want ad in the Daytona Beach News Journal and headed home.

When he reached Nashville the following Wednesday there was a parcel in his mailbox and in the parcel were his teeth and a note from a Mr. Hagey of Bristol, Va., who'd found the denture in the sea, saw the ad and mailed the package. The amazed Jones gladly paid the \$5 reward.

## Defeat Pittsburgh—Ted Kluszewski Hits Keep Cincinnati in Pennant Race

By ED WILKS

The Associated Press

Ted Kluszewski, just "a pain in the back" at season's start, now is keeping Cincinnati's Redlegs in the National League pennant race while beating off a challenge to his club home run title from rookie Frank Robinson.

The big first baseman, who has led the Redlegs in homers for five of the last six seasons, was in Manager Birdie Tebbetts' doghouse last spring. An aching back, plus too much extra beef, had Kluszewski slumping and he wound up on the bench for a while.

Now he's back in business. In his last seven games, of which

Cincinnati has won four, he has been batting at a .480 clip, driving in eight runs and socking five home runs.

His 32nd homer, with a man on, broke a 4-all tie as the Redlegs rallied in the eighth to beat Pittsburgh 7-4 last night. That left the third-place Redlegs four games back of the front-running Milwaukee Braves, who gained half a game with a 5-3, 6-2 double-header sweep over last-place New York. Second-place Brooklyn, three games behind, defeated St. Louis 2-1.

The Chicago Cubs beat Philadelphia 6-4 in the other NL games. In the American, snitpaw Herb Score struck out 11, drove in two runs with a single and his first major league homer, and knocked off New York's first-place Yankees on two hits for a 3-0 Cleveland victory.

Detroit belted Washington 8-3 and Baltimore defeated Kansas City 4-3. Rain postponed Chicago's White Sox at Boston.

Kluszewski, now just one shy of NL homer leader Duke Snider, jumped one ahead of teammate Robinson in the home run race. Robinson walloped his 31st in the first inning. Gus Bell chipped in his 23rd as the Redlegs built a 3-1 lead, then blew it.

Klu had three hits in four trips, upping his average to .312, in support of Buster Freeman, Cincinnati's relief ace who won his 11th with his old form after a sidelining neck injury Aug. 9.

Junior Gilliam, who had two doubles and half of Brooklyn's eight hits against the Cards, stole home in the third inning with the decisive run. Carl Erskine won his 11th, but needed Don Bessent's relief in the last two frames when his arm tightened. Singles by Gilliam, PeeWee Reese and Snider scored one in the first off loser Herm Wehmeier.

Ed Mathews' three-run homer in the first inning, his 29th, got Bob Buhl rolling toward his 15th victory in the afternoon portion of Milwaukee's sweep. Billy Bruton's sacrifice fly scored the clincher in the fourth to beat Ruben Gomez. Second-inning home runs by Joe Adcock (31) and Del Rice (3) gave the Braves three runs in the night contest as Gene Conley rode out a 10-hitter for his seventh victory.

Jim King hit his 11th and 12th home runs for the Cubs.

Score didn't give the Yankees a hit until Elston Howard's lead-off double on "a good curve" in the eighth while shutting them out for the second straight time. Mickey Mantle bounced a single in the ninth with one out for the other hit — his third in 25 at bats. Don Larsen lost it.

Bill Tuttle and Frank Bolling each had three hits in the Tigers' 13-hit barrage against the Senators. Bob Kennedy's two-run single iced it as Steve Gromek, making his first start in six weeks, won his seventh.

Bob Boyd's third hit, a single, gave the Orioles the ball game in the ninth as the A's dropped their 10th in the last 11.

## Dodgers About Catch Cardinals in Rivalry

By THE ASSOCIATED PRESS

The Brooklyn Dodgers are about to catch up with the St. Louis Cardinals in their all-time National League rivalry.

Junior Gilliam lined out four hits, two of them doubles, and stole home with the winning run as the second place Burns nosed the Redbirds, 2-1, last night at St. Louis.

This gave the Dodgers 662 victories and the Cards 663 in their rivalry of 81 years.

It's been seven years since St. Louis beat Brooklyn in a season's series.

This season Walter Alston's contenders have a 14-5 bulge over Fred Hutchinson's fourth-place cliff hangers.

At Baltimore, the luckless Kansas City Athletics, took another tough defeat as Bob Boyd singled home Grady Hatton in the last of the ninth for a 4-3 Oriole victory.

Tom Gorman was the loser in relief.

Lady in Waiting, Jo Muffeny, owner Lackland Stables, Overland, Mo., third; David N. Howard Roberts, owner Joseph Allhoff, fourth; American Ballad, R. Ewing, owner Lackland Stables, fifth.

Hackney Pony Division, amateur single. Lackland Derby, Joe Allhoff, St. Louis, first; Creation's Highlife, Charles Davis, Hannibal, second; Parader, Margie Umphside, owner Adolph G. Storz, Omaha, Neb., third; Daviburn Batam Chimes, Maxine Hunt, owner Bylands Double "B" Farms, Maryville, fourth; Lackland Parader, Barbara Allhoff, owner Lackland Stables, Overland, Mo., fifth.

Fine Harness Horses, stallion, mare or gelding, 2 years old and under 3. Kings Vanity, Sug Utz, Raytown, first; Denmark's Darnon, Raymond Cowan, owner Louis Greenspun, St. Louis, second; Mr. Proud Foot, Jane Hayes, owner Mr. and Mrs. Arthur Hobson, third; Redwood, Mrs. Taylor, owner Taylor and Spears, Virginia, Ill., fourth; Queen of All, Art Simmons, Mexico, Mo., fifth.

Shetland Pony Division, ladies single, stallion, mare or gelding, 42 to 46 inches. Carolanne's Master, Patricia Ann House, owner E. C. Adams, Blue Springs, Mo., first; King's Big Shot, Mrs. Ted Welch, Exline, Ia., second; Van Acres Belinda, Mrs. R. E. Shores, third; Glad Acres Sun King, Betty Sue Adams, owner E. C. Adams, fourth.

Cook, Sioux Falls, S.D., third; Midnight Rocket, Chester Beshears, owner McFarland Farm, Topeka, Kan., fourth; Dixie Queen, Katherine Brock, owner Mr. and Mrs. Barkley Brock, fifth.

Five-Gaited Saddle Horses, stallion, five-gaited, any age. Rambling Worry, Sug Utz, owner Louis Lowenstein, Kansas City, first; Easter Vanity, Howard Roberts, owner Roberts Stables, Clinton, second; Luckey Highlander, Scott Higgins, LaMonte, third.

## Al Lopez Plans To Resign At End of Season

MILWAUKEE (AP)—No matter where the Cleveland Indians finish in 1956, Al Lopez will tender his resignation as manager at the end of the season, the Associated Press learned today.

A source always found to be reliable said the Indians' front office is aware of Lopez' intention and is even now making inquiries concerning a successor.

The informant said he knew of two men under consideration. He named Joe Gordon, the former star second baseman of the Indians and New York Yankees, and Jimmy Dykes, coach of the Cincinnati Redlegs.

This has not been a happy season for Lopez, who may for the first time in his six years Cleveland reign finish with fewer than 90 victories.

Lopez came close to quitting as Cleveland manager after the 1953 season when the Indians were nosed out by the Yankees. The smiling senior actually informed the Indians of his intentions at the time and it took all of General Manager Hank Greenberg's oratorical salesmanship to convince him he ought to remain.

Whether Greenberg is of a mind to talk Lopez out of quitting is not known but if he is, he will have to do a lot of convincing.

## Trapshooters Competing In 57th Match

VANDALIA, Ohio, (AP)—The nation's top trapshooters will fire some 200,000, 12-gauge shotgun shells today as they compete for one of trapshootings most coveted crowns at the 57th Grand American.

The amateur clay target championship of America, a 200-target race at 16-yards with all the competitors mixed up in a free-for-all, is the feature.

For the last nine years a perfect score has been necessary to get into a shootoff for the big championship won a year ago by Ned Lilly of Stanton, Mich. Lilly also won it in 1933 as a 17-year-old, the youngest ever to take the title.

Until he missed the 114th target in yesterday's class event, Lilly had broken 1,064 targets at 16 yards here without a miss over a three-year stretch.

Today's program winds up the 16-yard portion of the "Roaring Grand" leaving only the handicaps and doubles events to run through Saturday. The class championships were decided yesterday and they were featured by a perfect 200 scored by Miss Iva Pembroke, 30-year-old school teacher from Phillipsburg, Kan. Her big score, first 200 of 200 ever chalked up by a woman here, tied her with four men for the class.

Walking horses, mare any age. Man Gray's Dianne, John Self, owner Lawrence Twenter, Sedalia, first; Go Boy's Prissy Miss, Roy Green, owner Mr. and Mrs. Barkley Brock, Clinton, second; Merry Midnight, Bill Maack Jr., owner Don G. Cook, Sioux Falls, S.D., third; Midnight Rocket, Chester Beshears, owner McFarland Farm, Topeka, Kan., fourth; Dixie Queen, Katherine Brock, owner Mr. and Mrs. Barkley Brock, fifth.

Five-Gaited Saddle Horses, stallion, five-gaited, any age. Rambling Worry, Sug Utz, owner Louis Lowenstein, Kansas City, first; Easter Vanity, Howard Roberts, owner Roberts Stables, Clinton, second; Luckey Highlander, Scott Higgins, LaMonte, third.

## Race Drivers Send Entries For Saturday

### 100-Mile Futurity Will Be Run for the Big Racing Cars

Entries from 29 race drivers, many of whom appeared here the past weekend in what observers have termed one of the finest auto racing programs ever presented at the Missouri State Fair, are on file for the second annual Missouri Futurity big car racing classic to be run on the fairgrounds one-mile track next Saturday afternoon.

Winners of the feature race on each day indicated they would be back. Jud Larson of Kansas City, Mo., and Austin, Tex., will again drive the Campbell Offy in which he scored an impressive win Sunday, while Herschel Wagner of Hickman Mills, Mo., Saturday's winner, will attempt a repeat of his Saturday triumph in the sparkling new Moccia Offy from St. Louis.

Next Saturday's race will include five 10 mile qualifying heats and will be capped by a 50-mile feature for preliminary winners. Winner of last year's Futurity, Bobby Grim of Indianapolis, also will be on hand in a bid for a second triumph.

Still another outstanding Midwestern driver who will be gunning for a share of the more than \$4,000 in purses is Fritz Tegtmeyer of Elgin, Ill. Tegtmeyer, known as "The Flying Dutchman" is a veteran of more than 30 years' campaigning on the nation's leading speedways.

Other events on this week's auto racing card are the Missouri Modified Stock Car Championships, scheduled under lights Friday night, and a 100-mile grind for late model stock cars, including convertibles equipped with roll bars, and both foreign and American sports cars, Sunday afternoon.

A championship. But she refused to join a shootoff for that title and accepted instead the women's class A crown.

Joe Hiestand of Hillsboro, Ohio, won the shootoff for the double AA laurels with Fred Waldeck Jr. of Sandusky, Ohio, finishing second. Mike Kaelin of Watthena, Kan. 46, and Herbert Longden, 63, of Taylorsville, Ill., tied for third in the shootoff.

Until he missed the 114th target in yesterday's class event, Lilly had broken 1,064 targets at 16 yards here without a miss over a three-year stretch.

## 'Bad Seed' Best Love Story Ever

HOLLYWOOD — Director Mervyn Leroy, who believes every successful movie must be a love story, calls "The Bad Seed" the greatest love story he's ever made.

Now that's pretty controversial—even for Leroy. "The Bad Seed" is all about an eight-year-old girl, who commits three particularly gruesome murders without valid reason—and a shocking lack of remorse.

It's such a shocker that for the first time in Hollywood history, Warner Bros. is recommending an "Adults Only" label for a movie about a child.

I saw the movie all alone the other day in a projection room. Frankly, it scared me—although, as a work of motion picture art, it's Academy Award bound.

"It's a great love story—the greatest I ever made," Leroy said. "It's the love of a mother for a daughter she knows is a sadistic killer. It tears your heart out to see what that mother goes through when she finds out that her only child is a killer—a child she can't stop loving no matter what."

The "Adults Only" tag is applied and enforced in many European countries but it has never worked here. One top Warner executive explains their unprecedented recommendation came after private showings to civic groups, notably the Chicago police commission.

"We personally had considered

"The Bad Seed" works on the premises that the daughter of a notorious slayer can miss the criminal traits—in fact, abhor violence—but the abnormality will crop up in the granddaughter.

One cheerful note. Nancy Kelly, who was pretty much wasted by Hollywood in B pictures when she was out here years ago, emerges as an Oscar favorite in the role of the mother. She created the same role on the stage.

# Stevenson Plans Hard Campaigning

LIBERTYVILLE, Ill. (AP)—Adlai Stevenson staked his hopes today on what may possibly be the most grueling speech-making campaign ever attempted by a presidential candidate.

His campaign director James A. Finnegan called it the "greatest grass roots campaign of all time."

Before it begins, Stevenson and his Democratic vice presidential running mate, Estes Kefauver, will fly into every region of the country.

Stevenson called Finnegan to his farm home near here today to complete plans for the pre-campaign trip, which will be climaxed by a major political address on Labor Day, Sept. 3, in Detroit under labor union auspices.

In the grass roots campaign, Stevenson will work through many crucial states, county by county, mostly by automobile.

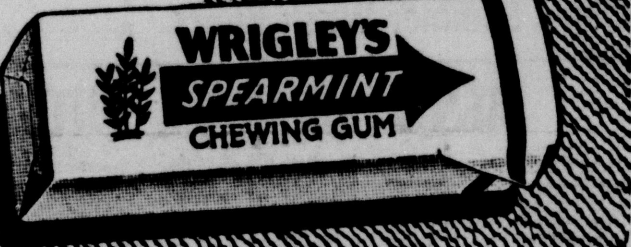

"We know we cannot win a contest of dollars," Finnegan said in a statement. "The Republican can outspend us 10 to 1. They'll have expensive television time to burn, but Gov. Stevenson is going to overcome this by carrying the election to the people and by making this a real person-to-person campaign, not just a canned radio-television one such as the Republicans are planning for Mr. Eisenhower."

There was no reference to the health issue in statements by either Stevenson or his campaign manager.

Next week's pre-campaign trip calls for joint appearances by Stevenson and Kefauver in Santa Fe, N.M., Monday; Bonneville Dam, Wash., Tuesday; Sioux City, Iowa, Wednesday; Knoxville, Tenn., Thursday; and Chicago Friday.

### Answer to Previous Puzzle

## Ex-President Talks to GOP Convention

SAN FRANCISCO (AP)—Herbert Hoover, the only living Republican ex-president, yesterday counseled the GOP to adopt a "resounding" declaration that "America shall safeguard the freedom of men."

Then, after the 82-year-old party elder left the platform amid echoing cheers, the Republican National Convention roared its approval of such a "declaration of faith," and the GOP campaign platform of which it is a part.

The declaration spells out GOP aims as safeguarding free institutions, maintaining world peace and building dynamic prosperity at home.

"Our government was created by the people for all the people, and it must serve no less a purpose," the party statement said.

The delegates gave Hoover an exuberant Young Republicans radiating past the lecture with banners carrying such sentiments as "We Love You, Mr. Hoover."

This was the seventh GOP convention that Hoover has addressed and he got a gold medallion in recognition of his services to the party.

In his speech, Hoover told the delegates that:

"If you face the truth that we are in a critical battle to safeguard our nation and civilization... then you will be guided step by step to restore the foundations of right thinking, of morals and faith throughout the world."

"Then you will issue as pure a note in as full a tone as that call to arms given by your political ancestors at your convention of 100 years ago—that America shall safeguard the freedom of men."

Hoover spoke of "the encroachments of government to master our lives" as the "greatest issue in America and all mankind."

## Top SAC Command Bomber Crews Will Arrive for Contest

COLUMBUS, Ohio (AP)—The Strategic Air Command's top B47 and RB47 jet bomber and reconnaissance crews will start arriving here tomorrow for the annual SAC bombing, reconnaissance and navigation competition which begins Friday.

In all 66 top SAC crews from bases throughout the United States will fly out of Lockborne AFB here in the weeklong competition. Similar flights are scheduled out of Loring AFB, Maine, where 16 RB36 and four B52 crews will operate.

Target cities will include Richmond, Va., Montreal, Canada, and Springfield, Mass.

## Kentucky Senator Optimistic Over Chances in Election

SAN FRANCISCO (AP)—John Sherman Cooper of Kentucky, here for the Republican National Convention, says he is optimistic over his chances of regaining a seat in the Senate in November.

Asked at a news conference how he rated his chances against former Gov. Lawrence Weatherby, the Democratic nominee, Cooper said:

"I think I can win against him."

## Says Ike is Terribly Handicapped for Now

NEW YORK (AP)—U. S. Supreme Court Justice Sherman Minton says he's afraid President Eisenhower is "terribly handicapped physically" for the forthcoming campaign.

Minton said he has "great confidence" in Adlai E. Stevenson and hopes the Democratic presidential candidate wins the election.

## Women Are Honor Guests At GOP Meet

SAN FRANCISCO (AP)—"All this and peace too" was the way Republican women summed up the Eisenhower administration record today.

The 555 women delegates and alternates to the Republican National Convention were invited as honor guests at a second breakfast session.

The Republican record was the general theme of the program arranged by Miss Bertha S. Adkins, assistant to the Republican national chairman.

In her prepared speech, Mrs. Daphne Leeds, assistant commissioner of patents, said that after 3 years of Republican administration America has reached records in production, personal income, weekly wages, employment, and investment in plant expansion and equipment.

"All this and peace too, calamity howlers to the contrary notwithstanding," she said.

Mrs. Leeds said the Democrats "did not know what makes free enterprise tick and still do not," adding:

"All they know how to do is tax people, harass business, accuse of fraud, divide us into warring classes, and spend money: our money."

Speaking on peace, Mrs. Oswald Lord of New York, a member of the U. S. delegation to the United Nations, said peace "is the tomorrow we face without fear."

Mrs. Lord said in her prepared speech, "It is an awesome thing to feel the surge of emotion that leaps out at you from every corner of the world when President Eisenhower's name is spoken, for he has become more than the

## Joins State Governor In Democratic Support

JACKSON, Miss. (AP)—Senator James Eastland and John Stennis of Mississippi have joined Gov. J. P. Coleman in saying they will support the Democratic national ticket.

Along with similar statements by other Mississippi Democratic leaders, this seemed today to bar the likelihood of a re-called state convention and the attendant danger of a party bolt.

Coleman disclosed further that presidential nominee Adlai Stevenson has been invited to campaign in Mississippi.

## Reports Sandstorm On Surface of Mars

TOKYO (AP)—A huge yellow cloud—1,400 miles long and 300 wide—has appeared on the surface of Mars, a Japanese scientist reported today. Dr. Sadao Murayama of the Tokyo National Science Museum said he first noticed the cloud on the planet's Southern Hemisphere six days ago. He opined that it might be a gigantic sandstorm on one of Mars' deserts.

President of the United States, he is the promise of peace to a frightened world.

Mrs. Alice K. Leopold, head of the Labor Department Women's Bureau, said the record of the Eisenhower administration was one of progress.

"We have reached a great sense of national unity," she said.

## Fines Woman Over Pulling Skirt Down

LONDON (AP)—What's a gal going to do when she notices her slip is showing?

She's going to bend over and pull her skirt down, even if she happens to be driving a car at the time, Mrs. Violando Embiricos explained to the traffic judge.

And that, said Mrs. Embiricos is how she came to swerve and hit a parked car.

The judge agreed that pulling down her skirt was "an instinctive movement." Just the same, he fined Mrs. Embiricos 10 pounds (\$28) for careless driving.

## Japan Reaffirms Goals For 1960 Military

TOKYO (AP)—Japan today reaffirmed its 1960 military goals of a 180,000-man army and 1,300-plane air force but cut its naval target from 124,000 to 110,000 tons.

The naval reduction represents 49,000 small obsolete landing ships—totaling 14,000 tons—which the Japanese plan to return to the United States to save maintenance costs.

The figures were disclosed in an amended version of a military buildup plan Keikichi Masuhara, deputy chief of the defense board, will take to Washington this week to discuss with U. S. Defense Secretary Charles Wilson.

## Estes Gets Rousing Reception at Home In GOP Stronghold

MADISONVILLE, Tenn. (AP)—Sen. Estes Kefauver, the Democratic vice presidential nominee, came home yesterday to a rousing reception by some 5,000 persons from the Republican strongholds of Monroe County and east Tennessee.

Party lines were erased, at least temporarily, as the crowd swarmed on the lawn of the Monroe County Courthouse to hear the town's most famous son deliver a short "nonpolitical" address.

Gay flags and bunting were plentiful along the streets of Madisonville, a town nestled in the shadow of the Great Smoky Mountains, and pictures of Kefauver marked most store windows.

The senator spent 55 minutes after his talk shaking hands and signing autographs.

Prior to the reception, he visited his father Robert Cooke Kefauver, 85, who has been confined to bed at the family home near here with influenza.

Kefauver told his reception audience that another Republican

## Woodmen of the World Meet Sept. 1, Fulton

The Woodmen of the World will hold a Log Rolling Association meeting Saturday, Sept. 1, at the public library in Fulton.

About 200 members are expected to attend this district meeting of camps from Sedalia, Columbia, Jefferson City, Fulton, Moberly, Booneville and Mexico.

One hundred eleven 25 and 50-year members will be honored with service pins.

A bronze plaque for special service to his community will be awarded to Earl Deimund, Columbia, for his outstanding work with youth. Deimund previously was presented the J. Edgar Hoover award for his work with delinquent boys.

A large class of new members will be initiated. Paul A. Jones, Columbia, area manager, will be in charge of the meeting. He will be assisted by Bill Raines, WOW representative from Sedalia. Members wishing to attend are asked to contact Raines or John Lee Brandt, Sedalia WOW secretary.

## Unveils New Program To Help the Poor

TOKYO (AP)—Japan's Welfare Ministry today unveiled a new program for helping the poor. One point calls for opening 200 more pawn shops.

in charge of the meeting. He will be assisted by Bill Raines, WOW representative from Sedalia. Members wishing to attend are asked to contact Raines or John Lee Brandt, Sedalia WOW secretary.

## Increasing Stature

TORONTO (AP)—The Toronto Scottish Regiment Band, led for years by six-foot-two-inch drum Major Len Davidson, has gone one inch better. The 64-year-old bandmaster recently handed over his baton to a younger player, George Steven, who is six-foot-three.

North Carolina grows more than two-thirds of the bright leaf tobacco produced in the United States.
